We are filing a complaint against what we believe is the greatest possible betrayal of the people's trust by lawyers acting as judges. They have conspired with one another to violate the most fundamental civil and constitutional rights.

This has become part of a pattern, practice and custom, which has been going on for at least twenty-five years. This conspiracy to obstruct the constitution's command, for justice, the court's truth seeking process, and to fix the outcome of cases in our courts is a long established custom.

Where our criminal courts have become nothing more than railroading stations. With the judges being the chief conductor, and the arm of the prosecutor. They allow the government to lie, cheat, steal, commit, and suborn perjury with impunity, with cases built lie upon lie. So that they can have their way with anyone they wish. These Judges convict the innocent & defenseless, by obstructing the courts truth seeking process, and by forcing innocent defendants to make guilty pleas for fabricated crimes that never existed.
